Release Notes

Fixes and new features.

- [Version 4.4.1](#)

Version 4.4.1

Date released: **24th September 2024**

Bug Fixes

- #212 - Remember me on login page not working
  The "Remember me" checkbox now remembers you for 180 days.

Changes

- #212 - Session inactive time
  Sessions are now expired after 1 hour of inactivity, or when your browser is closed, unless you used the "remember me" option when you logged in.
